

Test Results

Manufacturer

Unitron Energy Systems Pvt. Ltd.

Model

UE 33

Reference Power

2300 W

at 11 m/s

Reference Annual Energy

4595 kWh

at 5 m/s average wind speed,
actual production will vary depending on
site conditions

Declared Sound Power Level

Not Measured

at 8 m/s

Turbine Test Class

Class III

(I-IV or S for Special)

Tested by

National Institute of Wind Energy

Published Date

05.11.2016

(Year-Month-Day)
